Donna
BY SIDEKICK LOGISTICS

One flat price.
Every call answered.

Donna answers, books, texts and follows up for one monthly price, with no setup fee, no contract required and no per-seat fees. In every industry she costs less than the software-plus-answering stack owners pay today, and she does more of the work.

How extra minutes work

Minutes are time Donna spends on calls. Examples use month-to-month prices. Go over and extra minutes are 25¢ on Starter or 20¢ on Pro, about half of what most competitors charge. And a Starter bill never goes above the Pro price.
